From the Desk of Elizabeth Frank Burns, CCLS, Brenner Children's Hospital

The Child Life Department at Brenner Children's Hospital is delighted that the T.W. Garner Food Company and Bonzini U.S.A. are hosting the "Texas Pete Winston-Salem Foosball Classic" at Recreation Billiards on May 7-8, 2010. Bonzini U.S.A. and the T.W. Garner Food Company have a long history of supporting Brenner Children's Hospital throughout the years.

Certified Child Life Specialists strive to assist children and their families with adjustment to hospitalization and illness as well as promote optimum development. As Child life specialists, we utilize our background in child development and family systems to promote effective coping through play, preparation, education, and self-expression activities. We provide emotional support for families, and encourage optimum development of children facing a broad range of challenging experiences related to healthcare and hospitalization. Because we understand that a child's well-being depends on the support of the family, child life specialists provide information, support and guidance to parents, siblings, and other family members.

The American Academy of Pediatrics affirms that child life is "an essential component of quality pediatric health care," and as such, child life services have become a standard in most pediatric hospital settings. Child life specialists focus on the psychosocial needs of children, collaborating with parents and other members of the team to:

Ease a child's fear and anxiety with therapeutic and recreational play activities

Encourage understanding and cooperation by providing non-medical preparation and support for children undergoing tests, surgeries, and other medical procedures

Advocate for family-centered care

Engage and energize children and families by coordinating special events, entertainment, and activities

Consider the needs of siblings or other children who may also be affected by a child's illness or trauma

Direct pre-admission hospital tours and resources, and consultations with outpatient families

Support families confronting grief and bereavement issues

Provide education and resources for parents and members of the interdisciplinary team

The Child Life Department of Brenner Children's Hospital extends a warm thank you to Bonzini U.S.A., the T.W. Garner Food Company, Recreation Billiards, and our wonderful supportive community. Your kindness and generosity are very much appreciated and brings comfort to the children and families at Brenner Children's Hospital.

Dear Sponsor:

Bonzini™ U.S.A. and Recreation Billiards and its dedicated Winston-Salem Foos Force Team player base will be hosting the 2010 **“Texas Pete” Twin City Foosball Invitational** at Recreational Billiards, located at 412 West 4th Street in Winston-Salem, N.C. on May 7th and 8th, 2010. This tournament is an invitational event that will attract some of the most talented foosball players in the country. We are scheduled to award over \$1200.00 in cash, trophies and prizes. More importantly though, is our ongoing efforts for local community support through our promotional events. This event is supporting a very special organization, the internationally renowned Brenner Children’s Hospital, known throughout the world for the care and treatment of critically and terminally ill children.

Table sponsorships will help support Brenner Children’s Hospital, which are the experts in children’s medicine. They have the region’s only pediatric specialists who are trained in both pediatrics and their specialty areas, ensuring your child receives the best care possible. They are also home to the area’s only pediatric emergency and trauma center with equipment designed and sized specifically for children. And each one of their doctors, nurses and staff specializes, not only in treating children, but in putting them at ease. So they can heal children more effectively than other hospitals. That’s when knowledge makes all the difference.

Since 2001, the Bonzini U.S.A. Players Association has organized and promoted tournament events in support of local community charities. Beginning in 2003, Bonzini U.S.A. Players Association has contributed over \$7,500.00 in contributions to Brenner Children’s Hospital, Child Life Center along with 2 Bonzini Foosball tables for their Recreation Therapy Department.

Please feel free to contact me for any additional questions you may have.

Sincerely,

Garrett A. Cribbs
